Stainless Steel Shower Niches **Where Function Meets Elegance**

Modern bathrooms are designed to go beyond their basic functions, offering both comfort and aesthetics. Our shower niches, made from premium 304 stainless steel, deliver a spa-like sense of organization and sophistication, while the durable PVD coating ensures long-lasting beauty and resistance to wear.

With their minimalist frame detail, multiple color and surface options, they seamlessly blend into any bathroom style. Their seamless, one-piece design offers a hygienic, practical, and stylish storage solution.

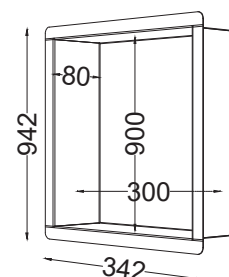

- Premium 304 stainless steel body
- High-durability PVD coating
- Available in Inox, Gold, Bronze, Matte Black, Anthracite
- Gloss / Matte surface finishes
- Easy installation & hygienic design

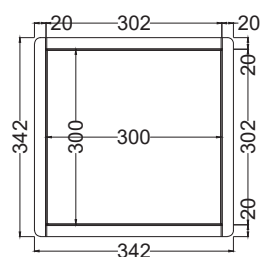

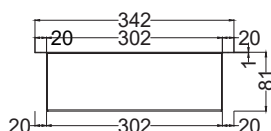

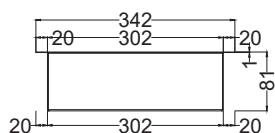

30 cm Shower Niches

300 x 300 x 80 mm

Crafted from 304 stainless steel, the shower niche offers durability in high-moisture and wet areas. The PVD coating provides superior protection against scratches, fading, and oxidation. With five color options, it adapts to any bathroom style. Its seamless, monolithic structure ensures hygienic use, while high resistance to water, steam, and cleaning chemicals makes it a long-lasting solution. The slim frame detail adds an elegant touch to modern bathrooms, and the easy installation feature ensures practical application.

Installation Type	: Recessed
